APPENDIX II.

[Vide answer to starred question No. 396 asked by Sri K. Sattanatha Karayalar at the meeting of the Legislative Assembly held on 22nd February 1961, page 169 supra.]

The Tuberculosis Chemotherapy Project is run under the joint auspices of the Madras Government, the Indian Council of Medical Research, World Health Organization and the British Medical Research Council. The World Health Organization provide international experts to man the T.B. Chemotherapy Centre and also certain equipment and supplies. The British Medical Research Council provides technical advice and have seconded staff to work for World Health Organization on the Project. A short history of the starting of the Centre and its present working is given in the following paragraphs.

2. In September 1952 it was decided to establish an anti-tuberculosis Teaching and Demonstration Centre at Madras, availing of the World Health Organization assistance, on the lines of the centres established at New Delhi, Trivandrum and Patna. The
